

Manufacturer of technically advanced  
flashlights and watertight  
protector cases

## Small Cases

### #1150 CASE

Unbreakable, watertight, airtight, dustproof, chemical resistant and corrosion proof. These are some of the features of this Pelican case that offers total protection for your equipment. It is made of Ultra High Impact structural copolymer that makes it extremely strong and durable. Its exclusive 6.4 mm neoprene o-ring and ABS latches seal perfectly and includes an automatic purge valve for quick equalization after changes in atmospheric pressure. Your equipment can fit into the high density foam of the case for total subjection and protection against impact, vibration or shock. A nameplate (included) can be personalized (engraved at additional cost).

This case is NATO codified and tested to MIL C-4150J (Military Standard), IP-67 (Ingress Protection) and ATA (Air Transportation Association). Unconditionally Guaranteed ... forever.

| TEMPERATURE RATING |                            |                   |                             |
|--------------------|----------------------------|-------------------|-----------------------------|
| <b>MINIMUM</b>     | -23° C                     | <b>MAXIMUM</b>    | +99° C                      |
| DIMENSIONS         |                            |                   |                             |
| <b>INSIDE</b>      | 21,2 cm x 14,9 cm x 9,3 cm | <b>OUTSIDE</b>    | 23,5 cm x 19,2 cm x 11,1 cm |
| <b>LID DEPTH</b>   | 1,9 cm                     | <b>CASE DEPTH</b> | 7,4 cm                      |

### BUOYANCY

Floats in salt water with 2,7 kg load
